

# ***Cosmetic Surgery Is Much More Affordable Than You Think!***

A patient came to me for a cosmetic facial consultation. I was astounded when she showed me a price quote from a cosmetic surgeon for almost three times what I charge!

**When you evaluate a plastic surgeon, two things determine your choice: The doctor's reputation, and the cost of his service.**

Well, I trained at Harvard, have operated with some of the most famous plastic surgeons in the world, and will match my results with theirs any day.

**Just as importantly, I believe in charging a fair price for Iowa – this is not Hollywood!**

Phone my office for an estimate of my fees and your total cost. And by the way, I did that lady's face-lift and eyelids. She is not only very pleased with her results, but also how much she saved. My web site is [gregganskemd.com](http://gregganskemd.com), or **515-265-4414** for price quotes and a consultation.

Have a great day!
